SUBJECT: SAFETY RECALL (SPECIAL SERVICE CAMPAIGN) – 70F
(ALL WEATHER FLOOR MAT ACCESSORY FOR 2007 AND EARLY 2008 TOYOTA
CAMRY)

Toyota will initiate a Safety Recall (Special Service Campaign) on certain Toyota optional All Weather Floor Mats (floor mats constructed from heavy duty rubber). The recall campaign involves approximately 30,500 optional Toyota Camry All Weather Floor Mats designed specifically for the driver's seating position in certain 2007 and early 2008 model year vehicles. If the optional Toyota Camry All Weather Floor Mat (either by itself or if it is placed on top of the existing carpeted floor mat) is not secured by the retaining hooks and the mat moves forward, it may interfere with the accelerator pedal from returning to the idle position. If the mat is properly secured, it will not interfere with the accelerator pedal.

Toyota Camry All Weather Floor Mat
Involved in this recall

If the Toyota Camry All Weather Floor Mat is not **secured by the retaining hooks (clips)** and the mat moves forward, it may interfere with the accelerator pedal.

The following vital information is provided to inform you and your staff of the **preliminary** owner notification phase of the campaign and your degree of involvement.

1. **Dealer Letter Mailing Date**

The attached Dealer Letter will be sent to all Toyota dealers in late September, 2007.

2. Owner Notification Mailing Date

In early October, 2007, approximately one week after the dealer notification, Toyota will begin sending a preliminary Safety Recall notification to owners of the involved vehicles to inform them of the recall and the timing when the replacement All Weather Floor Mat for the driver's seating position will become available. A second owner notification will be sent when the replacement floor mat is available. The original driver's seating position All Weather Floor Mat will be exchanged for the new one at that time.

Only vehicles equipped with the Toyota All Weather Floor Mat are involved. However, to assure over-the-counter accessory sales customers are also notified, all owners of 2007 and early 2008 model year Toyota Camry vehicles will be sent notifications. Customers will be provided with a return postcard so they may indicate that their vehicle is **NOT** equipped with the optional Toyota All Weather Floor Mats. This will provide owners a way to opt out of receiving further notifications.

If the vehicle does not have the Toyota Camry All Weather Floor Mat designed for 2007 and early 2008 model year vehicles, it is **NOT** involved in this recall. However, during our investigation, it was noted that floor mat interference is possible in any vehicle with any combination of floor mats.

3. Parts Availability

Toyota is currently developing a design modification to the driver's seating position All Weather Floor Mat. We anticipate the new mat will be ready in two to three months. Toyota will send another notification to Region/PD Offices, dealerships and vehicle owners when the new driver's seating position All Weather Floor Mat is available. The original driver's seating position All Weather Floor Mat will be exchanged for the new one at that time.

4. Region/District Summary Reports

During this preliminary owner notification stage, summary reports will not be provided for this SSC.

Please refer to the attached Dealer letter for additional information.

Please review this entire SSC with the appropriate associates so that they may provide the necessary support to your dealers and maximize our combined customer satisfaction efforts.

Thank you for your cooperation.

SERVICE MANAGERS, PARTS MANAGERS

SUBJECT: SAFETY RECALL (SPECIAL SERVICE CAMPAIGN) – 70F
(ALL WEATHER FLOOR MAT ACCESSORY FOR 2007 AND EARLY 2008 TOYOTA
CAMRY)

Toyota will initiate a Safety Recall (Special Service Campaign) on certain Toyota optional All Weather Floor Mats (floor mats constructed from heavy duty rubber). The recall campaign involves approximately 30,500 optional Toyota Camry All Weather Floor Mats designed specifically for the driver's seating position in certain 2007 and early 2008 model year vehicles. If the optional Toyota Camry All Weather Floor Mat (either by itself or if it is placed on top of the existing carpeted floor mat) is not secured by the retaining hooks and the mat moves forward, it may interfere with the accelerator pedal from returning to the idle position. If the mat is properly secured, it will not interfere with the accelerator pedal.

The following vital information is provided to inform you and your staff of the owner notification phase of the campaign and your degree of involvement.

1. **Owner Notification Letter Mailing Date**

In early October, 2007, approximately one week after the dealer notification, Toyota will begin sending a preliminary Safety Recall notification to owners of the involved vehicles to inform them of the recall and the timing when the replacement All Weather Floor Mat for the driver's seating position will become available. A second owner notification will be sent when the replacement floor mat is available. The original driver's seating position All Weather Floor Mat will be exchanged for the new one at that time.

Owner Notification Letter Mailing Date (cont')

Only vehicles equipped with the Toyota All Weather Floor Mat are involved. However, to assure over-the-counter accessory sales customers are also notified, all owners of 2007 and early 2008 model year Toyota Camry vehicle owners will be sent notifications. Customers will be provided with a return postcard so they may indicate that their vehicle is **NOT** equipped with the optional Toyota All Weather Floor Mats. This will provide owners a way to opt out of receiving further notifications.

If the vehicle does not have the Toyota Camry All Weather Floor Mat designed for 2007 and early 2008 model year vehicles, it is **NOT** involved in this recall. However, during our investigation, it was noted that floor mat interference is possible in any vehicle with any combination of floor mats. Therefore, if you utilize non-Toyota floor mats, please make sure they are also properly secured using the appropriate retention device and do not place them on top of another floor mat.

2. Dealer/Owner Lists

During this preliminary owner notification stage, reports will not be provided for this SSC.

3. Number of Involved Toyota Camry All Weather Floor Mats

The *optional* Toyota Camry All Weather Floor Mat specifically designed for the driver's seating position in 2007 and early 2008 Toyota Camry vehicles is involved in this SSC. There are approximately 30,500 Toyota Camry All Weather Floor Mats involved in this campaign.

Due to over-the-counter sales, the involved floor mats may be installed in the following vehicles:

Model	WMI	Year	VIN Range	
			VDS	Range
Camry	????	2007		
		2008		

4. Parts availability and ordering

Toyota is currently developing a design modification to the driver's seating position All Weather Floor Mat. We anticipate the new mat will be ready in two to three months. Toyota will send another notification to dealerships and vehicle owners when the new driver's seating position All Weather Floor Mat is available. The original driver's seating position All Weather Floor Mat will be exchanged for the new one at that time.

Dealerships will not be able to order Toyota All Weather Floor Mats at this time. A notice will be sent to your dealership when the new Toyota All Weather Floor Mats become available.

5. In the event a customer would like to return their affected All Weather Floor Mat

In the event a customer would like to immediately return their Toyota Camry All Weather Floor Mats, specific to 2007 and early 2008 model year vehicles, for a full refund, please file a claim using the operation code provided. The dealership will require the customer's Vehicle Identification Number for the claim.

SSC #	Op. Code	Description	Flat Rate Hour
70F	7519J2	Customer Reimbursement of the All Weather Floor Mat	0.1 Hr/Veh

Note:

Above flat rate time(s) include 0.1 hour for campaign administrative cost per unit for the dealership.

- Reimbursement is limited to only the Toyota Camry All Weather Floor Mat specific to 2007 and early 2008 model year vehicles.
- Dealers will be reimbursed up to \$115.00 per All Weather Floor Mat set returned. These costs are to be claimed as sublet type 'UP' on the warranty claim. (NOTE: The All Weather Floor Mats may not be listed as replacement parts if claimed as a sublet.)
- The returned floor mats will be placed on Warranty Parts Recovery and dealers may be required to return the original floor mats to TMS. Floor Mats that are not returned will result in the claim being debited.

6. Request for Dealer Support

Until the replacement All Weather Floor Mat for the driver's seating position is ready, we request your assistance in helping customers to verify the floor mat is properly secured using the retaining hooks (clips) provided. If the mat is properly secured, it will not interfere with the accelerator pedal. More than one floor mat should ***never*** be used in the driver's seating position, as the retaining hooks (clips) are designed to accommodate only one floor mat at a time.

During our investigation, it was noted that floor mat interference is possible in any vehicle with any combination of floor mats. Therefore, if your dealership sells a non-Toyota floor mat, please make sure they are also properly secured using the appropriate retention device and not placed on top of another floor mat.

Please review this entire package with your Service and Parts staff to familiarize them with the proper step-by-step procedures required to implement this Special Service Campaign.

Thank you for your cooperation.
